Wellie Good

Intrigues

It was somewhat intriguing. Was Rent-a-Bed about to put the boot in? Had he decided that he needed a change of hashing footwear? We were all far too polite (What has gone wrong with the hash?) to enquire as to why a pair of green wellies was placed in front of our hare's flash vehicle. This diffidence does not prevent removal of said offending boots to safer quarters, much to Rent-a-Bed's discomfort.

Welcome

Another bit of excitement & attendant danger to the pack was Keeper's greeting of Phoebe. The feeling was not reciprocated & Phoebe sought refuge in her car. Can't say I blame her.

That's my bowl!

Greetings

Molehills sights the GM & his retinue's late arrival & suggests we say "Hello" & "Goodbye"

while we have the chance as this will probably be the last we will see of Shiggy. O ye of little faith.

Running cool

Info overload

Our Hares, Rent-a-Bed & Guinea Pig, have donned their tasteful footwear prior to calling us to order. We are bombarded with a plethora of instructions – Run don't walk if you want to get back in time to enjoy the sausages, stick to the edges & don't cross any bridges, don't approach the main house as we don't want to upset the occupants (as if we would!). Rent-a-Bed admits to a *slight* cock-up in as much as a Spring Fayre was being held on part of the intended route & we would therefore have to bear with a couple of miles of road.(That of course means we know

where we will be going). But why the wellies? Well it would seem that we could confront some slightly damp conditions. I'm not sure that that really answers the question but none-the-less it is On-On.

Value for money?

The usual confusion until we notice Guinea Pig sneaking up the road. For once our trust placed on a hare is rewarded & cries of "On-on" lead us on to a check by what is reputed to be a just purchased £1,000,000.00 house. Not worth it is the general opinion.

How much?

Rules?

The Howard Davis Farm being off limits we visit "The Dell", the home of Trinity Football Club, & the woods beyond. Those renowned hashers Bags-of-It & Ballcock try to ignore the double arrows but Guinea Pig is having none of it & puts her foot down with a heavy hand. Well done that hare! Some sticky mud or a perilous crossing finally brings us back to the Football pitch. I thought covering the same ground twice was a no-no. Anyway, Rent-a-Bed attempts to divert our attention with a spurious on back but the pack is not convinced & stays put.

Boys will be boys

Where next? A little trot along the road until we cross into fields & some immaculately cut verges. Was this done for our benefit we ask? Probably not, but very pleasant none the less. We come upon the forbidden bridge & like naughty children a couple of our number (Steptoe & Pervey) defy instructions & cross said structure & feel very pleased with themselves.

Harriettes on the go

Sawdust & Shiggy

Ragsby puts in an official complaint concerning the lack of sawdust & is immediately confronted by piles of the stuff. You can't please everyone all of the time, can you? Despite, or maybe because of, this lack of sawdust Shiggy unexpectedly arrives amongst us. More by luck than judgement is the consensus.

Dinosaurs

Fuzz has been discoursing in detail about her foray into the Dinosaur Club, otherwise known as the Havana. It seems that "Grab a granny" is no misnomer. Such are the delights on offer for sad inhabitants of our Island.

Guess who's

Here & there

Our hares lead us a merry dance through the highways & byways of Trinity not to mention the fields & footpaths. Molehills comes upon a little friend, but says he would have preferred a little pussy. Shiggy is seen disappearing into the distance whilst the rest of us follow the correct trail to the Millennium path. This, of course, must mean that old favourite "La Ruelle es Biches" – no photos this time as I'm bored with them

Molehills & Mate

Home

At long last we are heading for home although the hill ensures that we have to work hard even if many of us try walking for a while. Even the prospect of a well deserved pint on such a pleasant day does not noticeably increase the pace. No wonder Rent-a-Bed advised running in order for us to enjoy our just rewards.

After

The Trinity Arms has Liberation Ale – both Original & Ambrée & serves us up with sausages & chips. It is also very pleasant to indulge in these in the open air.

The Business

The Bike Bash is **FULL!** Yes, 40 hashers have put hands in pockets & paid their deposits. It seems that Gigolo is planning a trip to France on the second Bank Holiday in May 2011. A

show of hands indicates great interest in moving cannons. More details much later.

Posing for the camera

Down Downs

What is wrong with the Hash? Hash Rev. cannot find any sinners to be punished & has to settle for rewarding Walkies, Wet Patch & Top Gun for enjoying yet more birthdays.

Thorn between the roses

It seems that Tinky Winky had missed out on his punishment when last having a run so is summoned to join Rent-a-bed & Guinea Pig in their reward for providing us with an excellent run.

Hares Rewarded

England

One of the delights of sport is the uncertainty & the pain & pleasure endured by supporters. Win, lose or draw your team is your team & your country is your country. England supporters can enjoy all three. Rugby League has given us a 60 – 6 win over France whilst in Perth, Australia the home team conquered the Rugby Union team 27 – 17. In the real game in the World Cup in South Africa the Football team delivered a disappointing 1 all draw against the USA. (I bet you all thought that I had forgotten all about these happenings!)

Hash Announcements

Weekly dues:-

When you attend a run you must pay your subs (£3.50 Members, £4.50 Non – Members or guests, £2 tadpoles).

If you arrive late, or pay after the run/walk, then a 50p late fine is added to the subs! No pay – no run and no food! If you aren't running/walking & therefore arrive after the run then see Illegal Immigrant to pay for your food, no late fine for those who did not run or walk. Please inform Illegal Immigrant if you do not intend to stay for food as this will save the hash money.

Hares – Important Reminder

Hashers who are booked to lay a trail and cannot make it for some reason **must** find a replacement and not just rely on the Hare Razor to do the work for them.

HASH HA Has

Drugs' Names

In Pharmacology, all drugs have two names, a trade name and generic name. For example, the trade name of Panadol also has a generic name of Paracetamol. Amoxil is also call Amoxicillin and Nurofen is also called Ibuprofen.

The FDA has been looking for a generic name for Viagra. After careful consideration by a team of government experts, it recently announced that it has settled on the generic name of Mycoxafloppin. Also considered were Mycoxafailin, Mydixadrupin, Mydixarizin, Dixafix, and of course, Ibepokin.

Pfizer Corp. announced today that Viagra will soon be available in liquid form, and will be marketed by Pepsi Cola as a power beverage suitable for use as a mixer. It will now be possible for a man to literally pour himself a stiff one. Obviously we can no longer call this a soft drink, and it gives new meaning to the names of 'cocktails', 'highballs' and just a good old-fashioned 'stiff drink'. Pepsi will market the new concoction by the name of: MOUNT & DO.

Thought for the day: *There is more money being spent on breast implants and Viagra today than on Alzheimer's research. This means that by 2040, there should be a large elderly population with perky Boobs and huge erections and absolutely no recollection of what to do with them.*
