Bus passes at the ready?

We gather at Longbeach car park where Illegal waited, next to Jerseys most elegant bus shelter, to collect our fivers for today's run. We had been advised the previous week that it would be an A to B run, and bus passes, or cash, would be required.

However Illegal hadn't reckoned with the regular school holiday road closures for road maintenance, this meant that the buses had been diverted and wouldn't be journeying to where the run was to have started.

Ever resourceful Illegal had printed a map of a new route and gave it to Bags of it, to lead the runners along their beach, then inland past Holmegrown, to the steep climb of le Rue du Champ, past Grouville Arsenal and down hill past Tinky's previous abode, then on along le Chemin des Maltieres where they passed the group of walkers who were also headed to Illegal's house for the on downs.

There was a wonderful array of food for all to enjoy in the garden in the spring sunshine.

The GM announced that there is still space for the bike bash in September for anyone interested and also that Steptoe and Molehills had volunteered to hare the Christmas party run.

There were four hashers called forward for their down downs:

Our RA Frisco, who somehow has lost the beers for the down downs.

Our GM Jacko, who in the minutes of a previous meeting missed out the all important C in our hash title making us members of the JH3

Steptoe, for directing everyone to the wrong address for the on downs in his Thursday email.

Illegal Immigrant, our hare and chef for the day.

A great mornings walk, or run, to a feast in sunny Gorey.
