Run/Walk 1918

Hare:

Wendolene

Worrying News

How long will we be able to enjoy hashes from the Priory? The news that Randalls will be giving up their lease in June next year has shocked us all especially as we have been so well looked after at this venue. Let us hope that someone else will take on the lease.

The forecast was for rain & a fair wind. Well, the wind was there but, thankfully, no rain. Some may have been put off with this forecast so it was a relatively small gathering. After the G.M. had brought us up to date with all the news & sporting results Fuzz, our hare, gave us our instructions & apologised that there was a long stretch of road.

For the runners the cliff paths were easily accessed until fields were crossed & we ended up at the promised road. Our hare had lied to us as it was not too long at all but when asked later she said it seemed a long way when walking. We were nearing the pub but made a big loop around it & enjoyed more cliff path before arriving back at the car park. Extra entertainment was provided by Bags-of-It who provided some golf instruction. Even with this loop it was not a very long run (see the Strava details at the end) but we did “enjoy” a few climbs.

By now the sun was shining & we were able to sit outside to enjoy our London Pride & the sausage & chips when they arrived. We were also entertained by a cavalcade of classic cars out touring the Island. ET was celebrated with the birthday song although her disposal of her down-down was a little laboured. In contrast our hare disposed of her reward for a fine run on what turned out to be a fine morning with aplomb.
